Mr. Terry Rouse  
Sentinel Media Group, LLC  
3504 Highway 153  
PMB 261  
Greenville, SC 29611

Dear Terry,

Our goal for quite some time has been a website which appropriately reflects our professional organization, South Carolina Upstate Paralegal Association (“SCUPA”), effectively serves our members and clearly provides information to the public at large about who we are. Our greatest challenge was our desire to have a “members-only” forum. Sentinel Media Group, LLC (“SMG”) has helped us achieve all of these goals.

As early as the proposal stage, it became clear that quality and timeliness were mutual priorities. SMG has worked conscientiously to ensure our satisfaction, maintained open communication and timely responded to our requests.

As chair of the committee spearheading the website development project and as a member of SCUPA, thank you to SMG. We are thrilled with our website, the information we can now provide in the members-only forum, and the image we project to the public at large. Without hesitation, we would highly recommend SMG for web site design and development.

With kind regards,

Liz Scharf, ACP  
2<sup>nd</sup> Vice-President, Publications
